PUPIL'S REPORT

Report From The School To The Parents

School	0re44	Class
Teacher (first semest	er)	
leacher (second sem	ester)	
Dear Mr		

This report is sent to you every six weeks so that you may know the progress your child is making in actool. You will observe that it records the marks carned in the subjects studied, the attendance facts, the results of standard achievement tests, and the teacher's estimate of how well certain desirable health habits and traits of character are developed and practiced. A certificate of promotion or failure for each semester of the session and spaces for your signature are at the end of the report.

This report tells you what your child is doing so far as the teacher knows him. If he is failing, the report will show it and give the reason as we see it. We desire your co-operation and support so that your child may have every opportunity and encouragement to progress satisfactorily in his school work.

You are cordially invited to visit the school often and to confer with the teacher and the principal.

Very truly youts.

Principal.

Prepared by Louisiana State Department of Education Division of Statistics
